# Foreword

This new catalogue prepared by the Emblem Division, provides a complete list of American Legion (pages 1-29) and American Legion Auxiliary (pages 30-36) insignias and supplies.

The Emblem Division is primarily a service division. It is YOUR division maintained for your convenience. Prices are fixed on such a basis as to give the purchaser a share in the advantages of the collective purchasing power of The American Legion. Profits derived from the operation of this Division are paid into the general fund and accrue to the benefit of the entire membership.

The hearty support of both the Legion and the Auxiliary is most essential to provide the utmost protection to both emblems, which are copyrighted and patented.

A resolution passed by the second annual convention requires the Emblem Division to operate on a strictly cash basis, prohibiting the acceptance of charge orders. REMITTANCE IN FULL MUST ACCOMPANY ALL ORDERS. ABSOLUTE SATISFACTION GUARANTEED ON ALL PURCHASES OR AN IMMEDIATE REFUND WILL BE MADE.

ADDRESS ALL ORDERS TO EMBLEM DIVISION, DEPT. C.

LEMUEL BOLLES,  
National Adjutant.

# Post Finance and Membership Records

These records, which are an absolute necessity to each Legion Post, were especially designed to meet the Post's individual requirements in maintaining a permanent and correct membership and finance record. Because of their simplicity, they require no special knowledge of book-keeping or accounting and complete instructions are included in each set.

These records come in two different forms, one having a light press board binder while the other is bound in a heavy quality of binder cloth and equipped with genuine leather corners. Each set of records, however, is composed of two binders, one containing an individual member's record sheet and the other containing the necessary financial record sheets for the correct handling of your Post's finance problems.

The sets equipped with press board binders are furnished in the following sizes and at the prices indicated:

100 Members	-----	\$ 5.00
150 Members	-----	6.50
200 Members	-----	7.75
250 Members	-----	9.00
300 Members	-----	10.25

While this particular type of record could be compiled for a Post having a membership in excess of three hundred, and at a price directly in proportion to the above, we do not recommend it, as this would necessitate the use of additional binders. In explanation, three hundred ledger sheets is just about the maximum number that can be bound in this lighter type of binder.

For the larger Posts, we have had designed a heavier type of binder having genuine leather corners and index tabs, which is the last word in accounting forms. These can be furnished at the prices quoted below:

300 Members	-----	\$27.00
350 Members	-----	28.25
400 Members	-----	29.50
450 Members	-----	30.75
500 Members	-----	32.00

For Posts having a membership in excess of five hundred, one additional member's record sheet is required for each additional member. These sell for 2½¢ each. Because of the particular construction of the binders in these larger sets, extra filler sheets can be added from time to time which will more than adequately take care of the largest Post, and in this way provide a complete and permanent record, requiring but two binders. The filler sheets are identical in all of the above forms. These are described on the next two pages.

### Instructions For Use of Official Post Accounting Records.

**Instructions For Use of Official Post Accounting Records:** Read instructions at bottom of Form 103. Make all entries correctly. Be sure your "remarks" are descriptive enough to tell the complete story.

**Form 101—Record of Cash Receipts:** Under “from whom received” enter the name of the individual from whom the money is received. Under “amount received” enter the total amount received. This is to be done regardless of the transaction. The “remarks” column and the six columns on the right are for the analysis of the transaction. Example: Dave Brown gives you \$19.00, covering dues at \$5.00 each of 2 new members and \$9.00 that he realizes from the sale of dance tickets. The entry would be:

From whom recd.	Remarks	Amt. rec.	Post dues	State dues	Nat. dues	Misc.
Mar. 1st—Dave Brown;	Dues; J. B. Green-----	\$19.00	\$3.00	\$1.00	\$1.00	
	Dues; Geo. White -----		3.00	1.00	1.00	
	Dance proceeds -----					\$9.00

## Record of Checks Drawn

[illegible]

**Form 102—Record of Cash Disbursements:** Observe all rules pertaining to cash receipts. If one check covers more than one class of expense, use additional lines for your analysis. If a check which you have deposited is not honored by the bank you should run it through your record of cash disbursements instead of deducting from cash receipts.

**Form 103—Cash Balance Sheet and Bank Statement:** This is a summary of your daily total deposits and checks drawn. The balance brought forward, plus the total checks drawn, will give the daily entry for balance. The total of the "Deposits" column should agree with the total of the "Amount Received" column on Form 101, and the total of "Check" column should agree with the total "amount of check" column on Form 102. Sheets 101 and 102 may be totaled and ruled off each month and "Balance" only be carried forward on Form 103 and totals not accumulated for the entire year's period.

## Members' Ledger

[illegible]

**Form 105—Members' Ledger Is a Record of Each Member's Account**—To start system use one full sheet for each member; this will prevent your carrying dead accounts and will make it possible for you to maintain the alphabetical feature of system. Post your balance from old records, using black ink to indicate a charge balance and red ink to indicate a credit balance.

**Keep Your Old Records**—When an assessment is voted or new dues fall due you should set up a charge against each member. Post credits from your cash receipts record. If a member gives you a check which the bank does not honor never fail to charge it back to member on his ledger account.

**Play Safe**—Record every penny of cash received—and make all disbursements by check. By all means see that your remarks are comprehensive enough to make future reference positive. Make all entries as transactions occur. Your books are a history of your business..
